

I listen to KLOVE everyday. It helps me to start my day off right and I find great comfort and peace in this station. If the LPFM stations take priority, I would lose my ability to listen to this station. I believe that KLOVE has a special ministry in this world and I support them financially because I believe them. Many people have been helped by KLOVE either through their prayers or financial support. Please do not let LPFM stations take priority! Thank you.
